

After years of research and investment for pursuing higher quality in Stagg cymbals, We're proud to present you a whole new SENSA series.

Each pin point represents the result of years of skill and dedication passed from one generation to the next.

In this SENSA series we provide you a bright, sweet, warm, fast response and a wide spectrum of sound that can make you fall in love with SENSA immediately!

New SENSA STACK provides a fresh trashy sound that we highly recommend for drummers who are searching for special and unique character in their music!
